

The train came to a sudden stop, jerking the passengers a bit. "What happened, Conductor?" asked a nervous old lady. "Nothing much," the conductor answered, "we hit a cow."

"Oh," came a relieved sigh; "was it on the track?" "No," replied the conductor; "we chased it into the barn."

The most audacious move yet in Russia's desperate campaign to seal off her satellite countries from all democratic influences is revealed in Czechoslovakia.

On April 28 the Czech government ordered the American diplomatic staff in Prague reduced by two-thirds, alleging that our people "were working against the security of the Czech Communist state."

It could be true. As a matter of fact, how could it help but be true—considering that Americans believe in free speech and free elections, and Czechoslovakia is in the hands of agents of the Kremlin dictatorship?

But we don't propose to take a thing off the men who stole Czechoslovakia out of the ranks of free nations even as American troops under General Patton were about to liberate her from the Germans. The Czechs would be a free country today if the Russians hadn't persuaded us to halt Patton's advance.

Letting the Moscow boys "do the honors" for which the whole cause of democracy was betrayed, the Russians quickly managing a new government of Moscow-taught Communists instead of native Czechs.

A Washington dispatch on this page yesterday reported that the United States is going to retaliate all right. It is expected that the State Department will order Czech "diplomats" to get out of our country pronto—not two-thirds of them, but 100 per cent.

In a sense, this skirmish between Western democracy and the Czech dummy government gives encouragement to free men everywhere. Obviously the Russians are afraid that continued Western contact with any of the Red satellites will do for them what has already been done in Yugoslavia—provoke rebellion against Moscow, and restore independence among small countries.

America helped set up Czechoslovakia as a free nation after World War I. And but for an unfortunate act of trustful co-operation with Russia we would have restored independence for the little country after World War II.

We aren't square with the Kremlin on that matter yet—and I imagine that as our diplomats withdraw from the ancient land of Bohemia beer, shoes and good steel, outside money and secret guns will go in. They ought to—and that's something you can quote any American on.

Prisoner Handy With Wiring

Cedar Rapids, Ia., May 13 —(AP)—An Iowa prisoner planted a microphone in the warden's conference room and made wire recordings of closed sessions of the state board of parole.

He also built a powerful radio transmitter within the walls of the state men's reformatory at Anamosa, Ia. Before he was able to broadcast his whole setup was discovered.

Before his scheme was squelched, however, the prisoner managed to smuggle some spoils of his wire recordings out of the institution.

This story was disclosed last night by Jim Bormann, news director of Radio Station WMT, Cedar Rapids, in a copyrighted broadcast.

Bormann said he came into possession of the recordings by keeping an appointment at the Chicago airport with an intermediary of the prisoner. Bormann said he identified himself "by a prearranged set of words" to get the spoils.

The prisoner who indulged in the electric eavesdropping, Bormann said, was Pete Hellyer, 47, of Waterloo, Ia. He said Hellyer was sentenced 19 years ago for a sex crime.

Bormann related that Hellyer had help from other prisoners in his activities and that one of them planted the microphone which furnished wire recordings with prisoners seeking clemency.

Hellyer was in charge of the reformatory's radio shop. This shop handled the public address system which fed standard broadcasts to all parts of the prison.

Bormann said Hellyer had been making the recordings for months. He said the wire spoils were smuggled out hidden in elaborate hand-tooled leather bags which Hellyer made in prison and mailed to persons outside the walls.

WEATHER FORECAST

Arkansas: Considerable cloudiness with scattered thundershowers this afternoon, tonight and Sunday. Warmer Sunday.

Dixie Senators Ready for FEPC Filibuster

Washington, May 13 —(AP)—The threat of a full-scale southern filibuster confronted Senator Lucas (D-Ill.) today as he made plans to force a senate showdown next week on akey civil rights bill.

The Democratic leader told the senate late yesterday that he intends to press for a test on a fair employment practices bill, probably next Friday.

Two Dixie lawmakers promptly made clear that they will talk at length in an effort to block any action on the measure, which would ban job discrimination on grounds of race, creed or color.

"They will not write this bill on the senate floor if God will give me the strength to speak," declared Senator Olin D. Johnson (D-SC).

Senator Ellender (D-La.) went further. In a radio transcription to his constituents in Louisiana last night Ellender recalled that a similar bill was killed last year "by a filibuster." He promised a repeat performance.

Until yesterday Southerners had been shy about even mentioning the term "filibuster", although FEPC has been pending for a full week.

During that time the measure's Dixie opponents have been able to sit back while Lucas struggled vainly to keep the senate on the subject of FEPC. Debate turned instead to presidential reorganization plans, communism-in-government, and politics.

The question before the senate is Lucas' motion to take up the controversial civil rights bill. If Southerners try to prevent action on that motion by filibustering, it will take the votes of 64 senators to limit debate.

That would enable the senate to vote on whether to discuss FEPC—thus touching off the big fight over the bill itself, with prospects of another alkahon.

Crommelin to Quit Navy for Politics

Washington, May 13 —(UP)—Capt. John G. Crommelin, the Navy's uncompromising foe of un-American propaganda today he has requested retirement in order to campaign actively for the senate seat of Sen. Lester Hill (D-Ala.).

Crommelin, who has been on enforced furlough since April 1 because of his outspoken criticism of Pentagon policies, said in a statement that his request is "a required follow-up to my official candidacy for the U. S. senate." Furloughed officers cannot engage in partisan politics.

"Retirement provides the means to serve my country best in these critical times," the veteran flier said.

He added he has asked that his retirement be made effective June 1. He said "this will give me five months in which to campaign actively before the November elections."

Crommelin's retirement request was sent to Navy Secretary Francis P. Matthews earlier this week. It said simply: "Having completed more than 28 years of active commissioned service, it is requested that I be transferred to the retired list of officers."

If his request is granted, 47-year-old Annapolis graduate who distinguished himself in the Pacific war will be entitled to receive up to three-fourths of his \$700 monthly base pay for the rest of his life.

Pleasant Weather Is Forecast

By The Associated Press

Pleasant weather — not too hot, not too cool — appeared the weather menu for most of the nation over the weekend.

There may be a few showers in some areas, the U. S. weather bureau said. But generally, the country will have what it described as typical spring weather.

The warmest areas are the Southeast and Gulf states and the coolest in the Lake Superior region and in the Northeastern states. Elsewhere, mild temperatures prevailed.

Some showers were reported in the Great Lakes region and a few showers and thunderstorms in parts of Kansas, Oklahoma and northern Texas. Virginia and North Carolina also got some rain.

Meanwhile, flood conditions remained critical in Winnipeg and mopped critical in Winnipeg and over southern Manitoba. The flooded Red river already has forced some 5,000 persons to have fled their homes. Flood waters covered one-eighth of the greater Winnipeg area and some 540 square miles of land in southern Manitoba.

Holmer New Army Engineer for Arkansas

Washington, May 13 —(AP)—Col. Hans W. Holmer has been named as new district army engineer for the Little Rock, Ark., district.

The army said he would take over not later than July 1. He now is on duty in the office of the chief of the army engineers here.

U.S. Now Has Baby A-Bombs

Washington, May 13 —(AP)—The United States has baby A-bombs small enough to be carried by jet fighter-bombers yet possibly as powerful as their king-sized brothers.

Detailed information on the bombs is a carefully guarded secret. In fact, there has been no official announcement as yet that they exist.

The first definite indication that such weapons are in production was gleaned by a reporter seeking information on discussions among military leaders over the possibility of arming this country's north Atlantic allies with atomic weapons.

The discussions were said to be based on the possibility of using "lightweight" bombs as tactical weapons to replace expensive ground forces in Europe.

While the size of the "baby" A-bombs is secret, the fact that they can be carried by jet fighter-bombers gives some hint of their weight. The Republic P-44 thunderjet, a typical jet fighter-bomber now in use by the air force, can carry two 1,000-pound bombs, one under each wing.

Scientists agree that the A-bomb can be reduced in size without reducing the power. Recent developments in bomb casings, along with increased knowledge of atomic materials, make it highly probable that the new bomb is more powerful than early models dropped on Japan or tested at Bikini.

\$5000 Reward for Payroll Bandits

Thompsonville, Conn., May 13 —(UP)—A \$5,000 reward spurred an eight-state search today for four masked bandits who stole a \$16,100 payroll at the Bigelow-Sanford Carpet Co. after clubbing three guards of a Brink's Inc., armored car.

Twenty-four hours after the robbery which occurred at dawn Friday, state police said that their sole clue was a black and tan sedan with Massachusetts registration plates which was seen near the mill.

But, they said, "it might be anywhere by now."

The FBI joined state police in the manhunt inasmuch as the case involved an interstate money shipment. The payroll was being delivered from a Springfield, Mass., bank when the gunmen, hiding inside the plant, ambushed the guards, beat and trussed them and escaped.

The bandits took the guns of the guards with them and the serial numbers of the weapons were broadcast in the belief that they might be discarded and provide some clue as to the direction taken by the getaway car.

G. J. Griffin, Springfield district supervisor of Brink's, said the attack on the guards was "unprovoked." He said they were beaten on the head after they had been struck down in the surprise assault.

The guards, John J. Truhell, Ovilla C. Lattinville and Joseph T. Flower, were kept under observation at a Springfield hospital.

The holdup occurred slightly less than four months after masked gunmen staged one of the nation's most spectacular robberies at Boston Jan. 17, subduing guards at Brink's and escaping with \$1,500,000. No trace of the robbers has since developed.

Baccalaureate Sunday at Guernsey

The Guernsey Baccalaureate services will be held Sunday afternoon at 3 o'clock in the high school auditorium.

The guest speaker will be Rev. Floyd J. Taylor of El Dorado. All buses will run and the public is invited.

Former Nevada County Resident Dies at Idabel

Mrs. Naomi Dooley, aged 93, a resident of Nevada county for many years, died last night while visiting in Idabel, Okla. Funeral services will be held at Idabel at 2 p. m. Sunday.

SHE'S HAD 33 BLOOD TRANSFUSIONS — Donna Brookfield, five-year-old Philadelphia child, is given another blood transfusion in Bryn Maf Hospital in a valiant attempt by doctors to arrest a rare blood disease. Donna, whose blood is a rare O-RH negative type requires daily transfusions. She has received 33 transfusions thus far, and doctors are still appealing for donors who have her type blood. (NEA Telephoto)

EUGENE DENNIS STARTS ONE YEAR JAIL SENTENCE — Eugene Dennis, General Secretary of the U. S. Communist Party, right, was put in jail in Washington to serve a one-year sentence for contempt of Congress. He was accompanied to court by Howard Johnson, left, State Educational Director of the Communist Party, to ask that his jail sentence be held up — a request which was refused. (NEA Telephoto)

Yerger PTA Banquet Held at the School

The Yerger High School Parent-Teacher Association held its annual banquet on Tuesday evening, May 9, from eight to ten o'clock in the school luncheon.

Forty members and their friends dined while listening to the following program:

Wemarks wife of C. W. Hicks, PTA president.

Solo, Shirley Marie Robinson. Address, W. V. Rutherford, Yerger principal.

Response, wife of R. C. Lewis. Instrumental solo, Joanna Pigge.

The "keynote" of Rutherford's speech was increased cooperation to the extent that better facilities be provided for the recreational and cultural needs of Negro youth of the community.

Contributing to the success of the affair were the following committees and chairmen: Blanche Alston, decorations; Olivia Wilson, Foods and Menu; Sarah Jones, Favors; Georgia Yerger, program; and Ethel Bizelle, invitations. The wife of E. J. Rooks is the reporter.

John Adams, second President of the U.S., once fought as a Marine during a sea engagement in 1778.

Hope Fades for Early End to Railway Strike

Chicago, May 13 —(AP)—Hopes of an early settlement of the crippling railroad strike appeared dimmer today as the four-day walkout by locomotive firemen cut deeper into the nation's economy.

There had been earlier reports that the rail union had offered new proposals designed to bring peace with the fur struck carriers.

But Chairman Francis O'Neill, Jr., of the national (railway) mediation board apparently squelched the report. After a meeting last night with representatives of the four big railroads involved in the strike, he said:

"They're just as deadlocked now as they were at the start of the strike Wednesday morning."

O'Neill said there had been no new offer by David B. Robertson, president of the striking brotherhood of locomotive firemen and engineers.

"I just hope the strike doesn't get to be a slugfest match," O'Neill added.

They reported union offer had been disclosed yesterday by a high railroad official who asked anonymity. The proposal, he said, could be the "break" that might end the walkout of the 18,000 firemen on parts of the New York Central, the Pennsylvania, and all of the Santa Fe, and the Southern railway.

After last night's meeting with the mediation board he refused to confirm or deny that a union offer had been made. A union spokesman said he did not know of any offer made by the brotherhood.

In the midst of the reported peace offers, Robertson announced the union was extending the strike against the St. Louis and the Appalachian divisions of the Southern railway. The two divisions had not been included in the original strike call.

There also were new reports of minor violence of the strikebound New York Central lines—at Elkhart and Cleveland.

Teen-Agers Lead Police Merry Chase

Blytheville, May 13 —(AP)—Two Jonesboro teen-agers chased traffic charges today after keeping 14 police cars tied up for two and one-half hours early this morning in a wild chase that led from West Memphis to a Mississippi river ferry near Pean Point, five miles northwest of Joiner in Mississippi county.

State Police Sgt. Marion Thomas identified the youths as Buddy Hall, 19, and Roger Scott, 17. They are to be charged in West Memphis, where they were held after their arrest, with reckless driving and speeding, Sgt. Thomas said.

Hall — and perhaps Scott, too — face similar charges in seven other towns and two counties, he said.

In Hall's car, the boys left the Memphis Cotton carnival about midnight and picked up speed as they neared West Memphis. There, State Troopers Thomas Crye and George Beasley spotted the speeding car and gave chase. But the patrol car ran out of gas near Joiner.

Not knowing they were chasing two teen-agers, the officers' suspicions were aroused by the flight. Radio calls brought 14 police cars into the chase. Road blocks were thrown up in seven towns and in the two counties.

Officers found the boys on a levee about 2:39 a. m. "I guess I was just scared," Hall told officers. "I'd never been in trouble before."

Lookadoo Named Head of Bar Association

Hot Springs, May 13 —(AP)—John Lookadoo of Arkadelphia is new president of the Arkansas Bar association.

He was elevated from the vice presidency here yesterday to succeed Cecil R. Warner of Fort Smith.

The association was to conclude its annual convention here at noon today after hearing a speech by Senator John L. McClellan.

Dr. R. C. Mason, Westinghouse Chief, Dies

Pittsburgh, May 13 —(AP)—Dr. R. C. Mason, 47, head of Westinghouse Electric corporation's physics department, died at his home yesterday.

He was a native of Bentonville, Ark. He received his engineering degree at the University of Arkansas in 1924 and joined Westinghouse that year.

Later he received master's and doctor's degrees at Princeton university.

He was one of a group of Westinghouse scientists sent to the atomic bomb project at Oak Ridge, Tenn., in 1946 to study problems of atomic power plant development.

His widow, Helen, survives. Funeral arrangements will be announced.

Airline CIO Transport Workers Strike

New York, May 13 —(AP)—The CIO Transport Workers union struck today against Pan American World Airways, threatening a sharp cut in the huge airline's American flights.

There was no immediate curtailment of service, however. Last minute mediation efforts continued an hour and 45 minutes past the strike deadline, but collapsed at 1:45 a. m. (EST). No new meetings were scheduled.

The strikers walked off their jobs at the airline's far-flung American bases as it turned midnight (local time). The principal issue was wages.

Although only 800 stewards, stewardesses and pursers actually struck, the same union's other 4,680 maintenance men in Pan American's system were pledged to honor their picket lines in a move to give the strikers a stranglehold.

First reports from both union and company showed "100 per cent" compliance by the union membership.

In a statement issued a few minutes after the walkout, the company said it would continue its flights originating in the United States "as fully as we can," using volunteer and supervisory help.

In a similar strike last March, the TWU was able to force an 80 per cent cut in the operations of the country's biggest domestic air carrier, American Air Lines.

Power Program Building U. S. Says Truman

Fort Peck Dam, Mont., May 13 —(AP)—President Truman said today that the government's vast flood control and power program is helping build the stronger and more prosperous United States upon which depends "the world's best hope for peace."

Mr. Truman appeared more peppy than most of the people on his cross-country tour as he started out on another day of "non-political" stumping with a prepared speech at the big Fort Peck dam.

"Projects like Fort Peck are investments in the future of our country," the President asserted. "Just as a new factory is an investment in the future of a corporation."

He said people who "criticize the federal budget often overlook facts like these."

As he has done since he started his personal "tour of the people" at whistle stops through the Midwest to the Pacific Northwest, the President contended his domestic program is strengthening the country for its leadership of free nations.

He told a transide crowd at Great Falls yesterday: "The Communists want to take over all the world, and they are trying to win converts to their side by telling preposterous lies about the United States."

"Out of one side of their mouths they say we are weak and that we are going to collapse. Out of the other side they say we are strong and we are getting ready to wage an imperialistic war."

Spa Businessmen Purchase Methodist Hospital

Hot Springs, May 13 —(AP)—A group of Hot Springs physicians and businessmen has purchased the Methodist hospital and bathhouse property here for \$100,000.

Dr. George C. Coffey, trustee for the group, said the hospital will be closed after tomorrow night for remodeling.

The four-story 55-bed institution was purchased from the Little Rock conference of the Methodist church.

It had been operated by the Methodists since 1945.

Final Test on Bodcaw Well to Be Monday

All eyes of this section are centered on Bodcaw today where the Burnett Drilling Company is making preparations to bring in the V. B. May No. 1, a wildcat oil test in the center of NW SE 8-14-22, two miles southeast of Bodcaw.

The casing was set Friday morning and the 72-hour set period will be up early Monday morning when operators will shoot it in. All signs indicate a producer.

In the drilling process Glen Rose sand was encountered four times. From a depth of 70 feet from 2594 to 2624, the sand was encountered over 100 feet of oil with no water.

Operators went to a scheduled drilling depth of 5,500 feet but found no further signs, and returned to the Glen Rose strata for the final test Monday.

The drill stem test taken spurred lease trading to as much as \$300 in the area.

One mile north of T. Pannell, trustee, has a test location, the Austin Caudel No. 1, in section 4-14-22. Sohio Oil Co. also has moved in on the Ellis No. 1, six miles south of Bodcaw.

Big Three Discussing East Affairs

London, May 13 —(AP)—The West's Big Three foreign ministers gave urgent consideration today to strengthening the Middle and Far East economically and militarily against Soviet aggression.

In their final day of conference before the meeting of Atlantic pact foreign ministers, the diplomats — Dean Acheson of the United States, Ernest Bevin of Great Britain and Robert Schuman of France — dropped problems of the Germans and hoped temporarily to take up East arm.

Officials of the conference said the ministers felt "Far East problems are urgent and definite decisions are needed and must be taken quickly."

It was expected that communiques to be issued later today would lay down general policies of future Big Three moves in Europe but might be more precise and decisive on Far Eastern problems, particularly Indochina.

It was considered possible that the United States might aid Communist forces in Burma as well as Indochina.

It was unlikely anything would be done on the China question since Great Britain has recognized the Communist regime and France and the United States has not.

Another question expected to come up was the Japanese peace treaty.

Middle East problems to be considered were mainly economic rather than military. The United States reportedly feels considerable concern, for example, about strengthening the economic position of Iran's government.

While the ministers considered Eastern subjects, German experts of the three delegations conferred on effecting policies agreed upon yesterday by the foreign ministers.

The ministers formalized agreement on full incorporation of West Germany into the Western European family. This left problems of exactly how to do it and how fast.

Body of Budd Recovered From Lake

Mountain Home, May 13 —(AP)—A week-long search ended today with recovery of the body of Jack Budd, Fayetteville man, from nearby Lake Umbagog.

Witnesses reported that on the night of May 5 Budd, without warning or apparent reason, disappeared from a large new sedan off a highway. The car was found in the lake.

Late yesterday an electronic device made contact with the automobile. Diver James Smith of Memphis went down and attached a cable to the car, which then was towed to shore. The body in the sedan was identified as that of Budd.

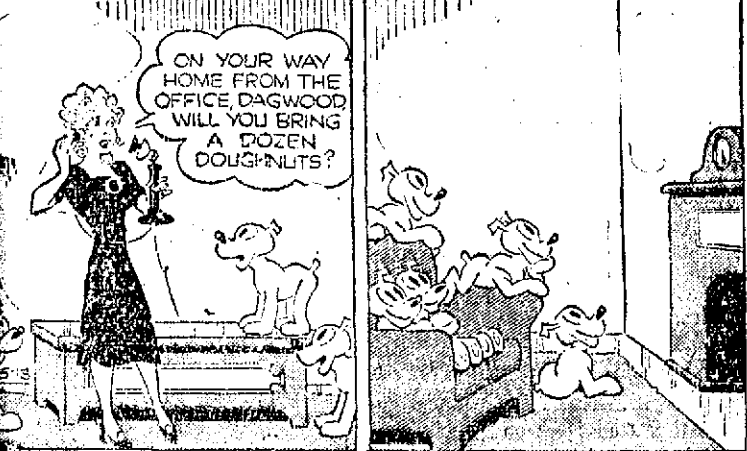

Budd, married and a father, was the owner of the Budd Ford sedan. He was a partner in a business in Fayetteville and had other family in the area.

Funeral arrangements were being made.

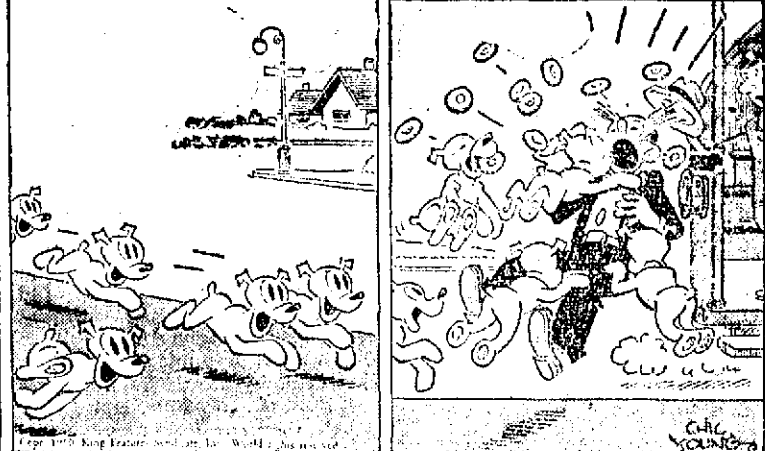

HEADS AUTO DEALERS

Little Rock, May 13 —(AP)—Rice of Pike County, president of the Arkansas Automobile Dealers Association, today, said that the state board of automobile dealers had been organized by the Methodists since 1945.

El Dorado and
Fayetteville
Golfers Divide

El Dorado, May 13 — (AP) — El
Dorado and Fayetteville divided
honors in the state high school golf
tournament here yesterday.

The El Dorado team won in the
Big Six division; Fayetteville in the
Class A— but only after a play-
off with Camden.

John Paul Jones of Fort Smith
was Big Six medalist. Phil H. H. H.
Rogers of Fayetteville took that
distinction in Class A— but again
only after a playoff with Herman
More of Texarkana.

The scores included:
Team (36 holes) — El Dorado
314; Fort Smith 331, Fayetteville
and Camden 327 each. Nine hole
playoff — Fayetteville 81, Camden
87.

Individual — Jones 150; Rogers
and Moore 160 each for 36 holes.
Playoff— Rogers 38, Moore 42.

While the golfers were compet-
ing here, C. J. Hixon of Fort
Smith was repeating at Little
Rock as Big Six tennis singles
champion and Fort Smith was tak-
ing the doubles title.

Myron Whitley of Magnolia won
the Class A singles title. Augusta
took the doubles crown.

Dropo Making
Sox Forget
York, Foxx

By RALPH RODEN
Associated Press Sports Writer

Wall Dropo is off to a good
start in attempt to make Boston
Red Sox fans forget Jimmy Foxx
and Rudy York.

Not since the days of "Double
X" and big Rudy have the Red
Sox presented such a robust hitting
lineup as Dropo.

Grimly determined to make the
grade after fluffing his first chance
last spring, Dropo is whacking
American league pitching at a
terrific 438 gait, tops in his league.

The former University of Con-
necticut football, basketball and
baseball star received his second
opportunity early this month when
Billy Goodman, Boston's regular
first sacker chipped a bone in his
ankle.

Dropo has let no grass grow
under his feet since his elevation
from Louisville of the American
Association. He has pounded out
17 hits including three home runs
and a triple in 39 times at bat.

Yesterday the 255-pound six-foot-
five husky drove out three singles
to lead his mates to a 3-1 triumph
over their old tormentor, Rae
Scarborough, and the surprising
Washington Senators.

Dropo, who failed to stick last
year, is optimistic over his pros-
pects this year.

"What a difference between now
and last year. I'm in much better
shape, mentally as well as physi-
cally," he said recently. "Last
year I actually ran myself down
worrying. A couple of nights in
New York I couldn't sleep at all.
I think I've learned a lot in a
year."

Barons Regain
Lead in the

Three-Hitters
Provide Win
and a Loss

By The Associated Press
Two pitchers served up three-hit
games in the Cotton States league
Friday night.

One of them won; the other
lost.

The winner was Clyde Baldwin
of Clarksdale, whose Clarksdale
teamates defeated El Dorado,
6-2. Even when Baldwin's perfor-
mance the Planters had to come
from behind in the late innings to
win. They made all their runs in
the seventh and eighth innings—
the last two off El Dorado in-
fielder-manager Roy Schalk, making
him a pitcher in a relief role.

Adam Stampkowski of Pine Bluff
was the losing three-hit pitcher —
but he contributed to his own
downfall. Monroe defeated the
Bluffians, 4-2, enabling righthand-
er Cliff Coggins to score his fifth
victory against a 0 defeat. In the
walk-off game, Coggins gave up three
hits, loading the bases. Then a
Pine Bluff outfielder let Ray Mon-
do's single get away from him, and
all four runners scored.

Hot Springs and Natchez played
for two extra innings before their
game was decided. The Bathers
winning, 7-6 when Cather Marty
Lee singled in Steve Solis with
the tie-breaking run. The lead had
seen-sawed with Hot Springs over-
taking Natchez in the seventh and
Natchez tying it up, 6-6, in the
eighth. Each team got 11 hits.

Those teams with the confusing
names, Greenville and Green-
wood, tangled in the other game.
Greenville, which is near the bot-
tom in the standings, pounded out
a 13-4 win over Greenwood, which
is near the top. The result gave
Greenville two straight wins and
the deciding game of a three-
game series. Greenville made 13
hits while Ted Eberhard allowed
Greenwood only six.

Games tonight:
Hot Springs at Natchez.
Pine Bluff at Monroe.
El Dorado at Greenwood.
Greenville at Clarksdale.

Dorothy Kirby,
Polly Riley in
Golf Finals

Virginia Beach, Va., May 13 —
(AP) — Dorothy Kirby of Atlanta
battled Polly Riley of Fort Worth,
Texas, today in the finals of
the 35th amateur championship of
the Women's Southern Golf associa-
tion.

This is the fourth meeting be-
tween the two finals contestants,
clashing in 36 holes of match play
over the 6,064-yard Cavalier
Yacht and Country Club course.
The layout par is 72.

The pair met twice in 1947 in the
early rounds of the National
Women's tournament and in the
third round of the Southern
Women's classic. Miss Kirby took
both matches.

Miss Kirby eliminated Miss
Kirby in the western open of 1949.
Miss Kirby, playing one-under-
par golf, whipped Mary Lena
Faulk, 7 and 5 in yesterday's
semifinals.

Miss Kirby trimmed Betty Mac-
Kinnon of Mt. Pleasant, Tex., 4 and
2.

'Drys' Reported
Leading Election
in Randolph

Pocahontas, May 12 — (AP) —
"Drys" are leading in incomplete
returns from yesterday's local op-
tion election in Randolph county—
the first to be held since prohibi-
tion forces announced plans for a
statewide referendum next fall.

With 21 of 30 precincts report-
ed, 1,201 persons had voted for
continuation of legal liquor and
beer sales; 1,305 against.

Returns from some precincts
were delayed by bad weather and
swollen streams.

Except for a few individual
townships, Randolph county has
been "wet" since repeal of prohibi-
tion.

sociation with New Orleans get-
ting an assist on the jump.

The Barons, in third place be-
fore Friday night's games, blasted
the erstwhile leaders from Mo-
bile, 9-3, while New Orleans pre-
vented Atlanta from taking over
the top spot with a 4-3 victory.

Memphis slammed Chattanooga,
13-5. Nashville and Little Rock
were rained out.

Birmingham went to work early
on Mobile's ace rookie, Mark A. Fr-
icano, scoring six runs in the
first two innings and then coasting
to home.

The Barons' Norm Zauchin
slammed a homer off reliever John
Hall in the seventh.

PRESCOTT NEWS
